11.

Professor

The candidate

- must possess a good first degree, not below second-class lower division, from a reputable University and a Master's and PhD degree (or MBBS plus PhD/Fellowship) in the appropriate discipline.
- must have spent a least 12 years of cognate experience teaching and conducting research in a recognised and reputable University. In addition, the candidate must have published at least twenty-six articles in reputable local and international outlets acceptable to Lead City University, Ibadan, of which at least 40% must be offshore, and the candidate should be a lead author in about 40% of the publications.
- The applicant should have demonstrated good teamwork and leadership skills in the university system. The applicant must have good citations, an H-index, and an I10-index in Google Scholar.
- must have spent at least 3 years as a Reader in recognised Universities. Candidates with verifiable records of winning research grants as Principal Investigators will stand at an advantage.

Associate Professor/Reader

The candidate

- must possess a good first degree, not below second class lower division, from a reputable University and a master's and PhD degree (or MBBS plus PhD/Fellowship) in the appropriate discipline.
- must have spent at least 9 years of cognate experience teaching and conducting research in a recognised and reputable University
- must have published at least twenty-two articles in reputable local and international outlets acceptable to Lead City University, Ibadan, of which at least 40% must be offshore, and the candidate should be a lead author in about 40% of the publications.
- should have demonstrated good teamwork and leadership skills in the university system. The applicant must have good citations, an H-index, and an i10-index in Google Scholar. The applicants must have spent at least 3 years as a Senior Lecturer in a recognised University. Candidates with verifiable records of winning research grants as Principal Investigators will stand at an advantage.

Senior Lecturer

The candidate

- must possess a good first degree, not below second class lower division, from a reputable University and a masters and PhD degree (or MBBS plus PhD/Fellowship) in the appropriate discipline.
- must have published at least fifteen articles in reputable local and international outlets acceptable to Lead City University, Ibadan of which at least 30% must be offshore, and the candidate should be a lead author in about 30% of the publications.
- should have demonstrated good teamwork and leadership skills in the university system.
- must have good Citations, H-index and i10-index in Google Scholar Research gate/Scopus.
- must have spent at least 3 years as Lecturer 1 in a recognised University. Candidates with verifiable records of having won research grants as Principal Investigator or Co-Investigator will stand at an advantage.

Lecturer I

The candidate

- must possess a good first degree, not below second class lower division, from a reputable University and a master's and PhD degree (or MBBS plus PhD/Fellowship) in the appropriate discipline.
- must have published at least eight articles in reputable local and international outlets acceptable to Lead City University, Ibadan, except for holders of MESS plus PhD/Fellowship.
- must have active accounts in Google Scholar, Research Gate and Scopus. Except for MBBS plus PhD/ Fellowship holders, the applicants must have spent at least 3 years as a Lecturer II in a recognised University.

Lecturer II

The candidate

- must possess a good first degree, not below second class lower division, from a reputable University and a PhD degree in the appropriate discipline. The holder of a Master's degree plus a recognised professional certificate/licence in the appropriate discipline will also be considered.
- must have active Google Scholar, Research Gate and Scopus accounts. Acceptable articles in reputable journals would be an added advantage.

Technologists

The candidate

- must possess a good first degree, not below second class lower division or Higher National Diploma (HND) from a reputable University/Institution.
- must also possess a current practice licence from the relevant Council/Regulatory Board. Point of entry depends on qualification and experience

Salary and Benefits

Condition of service is highly attractive. Salary entry points on the CONUASS/ CONTISS scales are above what is generally applicable in Federal universities and can also be negotiated.

Active retirees from universities and comparable institutions are encouraged to apply as well.

Qualified candidates should stipulate the nature of appointments that interest them (Full Time/ Parttime, Adjunct/Sabbatical Position).

Method of Application

Ten copies of applications and curriculum vitae should be forwarded to the **Registrar** not later than **4 weeks from the date** of this publication.

The process of selection will commence thereafter and will cease only after the positions have been properly filled.

Method of Application: see format in the university website www.lcu.edu.ng
